Melt & Pour Soap Bases

The Chemistry Store is the Exclusive Distributor for Stephenson Persona Care Products for the United States. Wholesale opportunities are available to resellers and large volume manufacturers.

Our Melt & Pour Glycerin Soap base is ALL VEGETABLE OIL and contains no alcohol or harmful products to dry your skin! Glycerin, a natural emollient, draws moisture out of the air to benefit skin health. It cleanses without stripping or upsetting the delicate natural pH balance necessary for soft, healthy skin. And, since we use no heavy animal oils, our soap rinses clean and leaves no soapy film behind. All our soap bases are produced from the highest quality double distilled and deodorized clear coconut oil, forming luxurious lather and sparkling clarity.

Ultra Clear Crystal Suspension Soap Base

- Neutral, with a 7.8 pH
- High natural glycerin content
- Excellent mold release function
- Odorless base, for superior fragrance lift
- Non-yellowing, even at high temperatures
- Compatible with a wide range of fragrances
- Vegetable-based melt and pour soap, no animal ingredients
- Very clear, transparent, & colorless for excellent color saturation
- Functions well under a wide temperature range, from 140 F to 180 F

Suspending base can be used to create a decorative soap bar (such as by adding fine glitter) or a functional exfoliating bar (such as using finely ground cranberry seed, apricot meal, jojoba spheres, herbs, etc). Creative possibilities are endless.

Some trial and error is required with this product, as some additives may be too heavy for the suspending properties of the base to work properly. Users should try adding their ingredients at a slightly cooler temperature than normal, as the base will be thicker and more likely to suspend additives.

The key ingredient in the Suspending M&P base is "Silica". Silica creates a suspending matrix within the formulation, but that very property can also be apt to trap in more air and create a cloudy effect. Therefore, when stirring in additives, it should be done very gently and avoid any abrupt stirring as this can inadvertently welcome air into the formulation and cause unwanted cloudiness of the base.

Ingredient List: Purified Water , Glycerin, Sodium Stearate, Sorbitol, Propylene Glycol, Sodium Laureth Sulphate (SLES), Stearic Acid, Lauric Acid, Sodium Chloride

Item #	Quantity	Price
31002	2lb Tray	\$4.40
31024	12 - 2lb Trays (24lbs)	\$50.16
30025	25lb Block	\$41.50

Crystal Soy Oil Soap Base

Soybeans have been labeled the "miracle bean" by health food and personal care aficionados alike. A vegetable oil that is the primary source of essential fatty acids, soy oil supplies essential fatty acids that are necessary for healthy bodies and skin. Soy bean oil contains beneficial tocopherol's, sterols, and trace elements. Our soy oil soap base is highly translucent, with a hint of earthy green color to it. It is neutral in smell, offers excellent lather, and has no artificial colors.

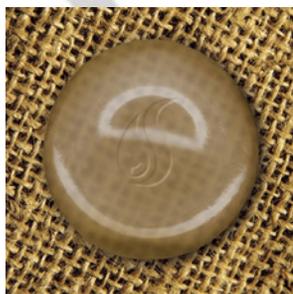

Ingredient List: Purified Water, Glycerin, Sodium Stearate, Soy Bean Oil, Sorbitol, Propylene Glycol, Sodium Laureth Sulphate (SLES), Stearic Acid, Lauric Acid, Sodium Chloride

Item #	Quantity	Price
35002	2lb Tray	\$4.40

Crystal Organic Oils Soap Base

Our exclusive formula! Made from 100% Certified Organic Oils, and is manufactured in a facility that is Certified Organic by the Soil Association of The United Kingdom. As a result of using Organic oils, the color is light butterscotch and is not transparent, yet it lathers very nicely and has a neutral smell. This is a revolutionary formula that you won't find from any other manufacturer! Be the first to offer an Organic Oils hand-crafted soap bar to your friends and customers.*

* Please note that this product is not 100% Organic, as some raw ingredients are not yet available in the organic variety. Therefore, packaging claims may include the verbiage: "Made with 100% Certified Organic Oils" or "Contains Organic Ingredients", however it would not be accurate to say this is an "Organic Product". We take this issue very seriously, as we do not want to abuse the terminology, and we make every effort to disclose as much information about our products as possible so that consumers are well informed.

Ingredient List: Blend of 100% Certified Organic Palm and Coconut Oils (Saponified), Purified Water, Glycerin, Sorbitol

Item #	Quantity	Price
36002	2lb Tray	\$5.64
36024	12 - 2lb Trays (24lbs)	\$60.96
36025	25lb Block	\$61.00
